Virginia,

Regarding this meeting, don't attempt to work around everybody's calendar – that probably won't be doable. The most critical people are John Blevins, who said he can make anything work after 11:00 am on 12/15, plus me, Kelly Rimer and if possible, Erika. The company said they can make anything work after 11:00 am EST, and I think Wren Stenger in the Region will do the same.
